

BRONCHOSCOPE

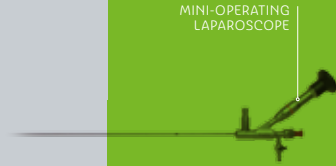

Our reach extends world wide

Downs Distributors have developed long term partnerships with global suppliers ensuring stable supply chains.

Our partnerships are based on intelligent procurement methods reflecting mutually agreeable codes of conduct, social and cultural respect.

Certifications & affiliations

Downs are proud to have held ISO9001 certification in Business Management Systems since 1994. Through our conscious effort to reduce our environmental footprint we implemented and achieved ISO14001 Environmental Management System in 2011. We are members of MTANZ and IMD and support the work these organisations do.

MINI-OPERATING LAPAROSCOPE

Our insight and experience in conjunction with our trusted global network of suppliers ensures your needs are met.
